## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2010-2011 school year has been an exciting one for the students and staff and Alice Drive Elementary School (ADE). We continued our efforts to improve instruction and provide experiences for our students to broaden their learning and growth as citizens of our school and community.

We saw a tremendous growth in test scores that earned our school the Palmetto Gold Award and the Palmetto Silver Award for closing the achievement gap. This is a direct result of the data driven and innovative instruction that our teachers have provided for our children.

To help improve instruction in physical education, our PE classes earned a grant from an area business that helped provide much needed supplies for that program.

As an indicator of the quality of our faculty, two more teachers were added to our list of National Board Certified Teachers and two others completed their Masters Degrees. Most of our teachers attended workshops, graduate classes, and in-services to improve their knowledge and expand their repertoire of activities for their classrooms. Our use of technology increased with the installation of Promethian Boards in all classrooms.

Parent involvement continued to be a focus for us. Parent workshops were held for all grade levels, with a focus on math as well as parenting tips provided by our teachers, counselor, and social worker. Events such as Family Science Night, PTA meetings, Freaky Friday, and Family Skate Night gave families the opportunity to take part in school events to have fun and find some interesting things to do at home practicing the things taught at school. Our PTA and SIC continued to look for ways to get parents and community members involved in our school.

We continued our commitment to our community by providing ways for our students to contribute to local efforts. The student body participated in fund raisers for the Leukemia and Lymphoma Society with Pennies for Patients, the Salvation Army with the Angel Tree and canned food drive, St. Jude's Hospital with the fourth grade Mathathon, and the Cancer Society's Walkathon, as well as recycling, to help lessen ADE's carbon footprint.

ADE has diligently pursued its mission to provide a positive school environment and provide developmentally appropriate learning experiences for all our students. Incorporation of programs such as Reading Recovery, READ 180, math manipulatives, and technology, as well as strategies for learning, has provided all students a chance to learn and grow. We strive to make ADE a place where everyone feels welcome and where everyone can become a part of our community.
